

ISPOR WARSAW 2019: FOCUS ON HEALTH POLICY, RESEARCH AND INNOVATION IN EUROPE

Vienna School of Clinical Research, Public Health and Medical Education (VSCR) participated at ISPOR Warsaw 2019 from 27–28 March 2019 and supported ISPOR Warsaw 2019 as exhibitor and with sponsorship.

The conference brought together regional and international experts and stakeholders in HEOR to share innovative research methods and health policy developments in the diverse health-care systems landscape across Europe. Insights and experiences from Central and Eastern Europe had been highlighted throughout the event.

In May 2019, VSCR will continue with its successful series of HEOR-courses in cooperation with Sigmund Freud University Vienna (SFU) for members of pharmaceutical and medical device industry, for health insurers and policy makers.

Base Module – EVIDENCE BASED DECISION MAKING FOR PRICING AND REIMBURSEMENT: FROM THEORY TO PRACTICE – again will take place from 27–29 May 2019 in Vienna and can be booked as stand-alone module.

Program leaders for the base module in May 2019 are:

Lieven Annemans MSc, PhD
(University of Ghent, Belgium)

Jürgen Raths, MD
(CEO Cordeé Consulting, Geneva)

Anna Bucsics, MD
(former department head of pharmaceutical affairs,
Federation of Austrian Social Insurance Institutions)

In total, the course program consists of five independent modules. Each module can be booked individually. The course language is English. Each module comprises lectures, tutorials, panel discussions, workshops and group exercises. And the following topics will be covered:

- Health Economy and Health Outcome Research
- Decision Making for Pricing and Reimbursement
- HTA (Health Technology Assessment)
